Committed to
reassuring you and
keeping us all safe

WE HAVE A PLAN

We understand your first priority before booking a hotel room, organising or attending an event is your health and well-being. At The Venues Collection we are making this our priority too.

This is our commitment to you; our **Stay Safe, Feel Safe** COVID Secure Standards Charter.

We will continue to monitor and act on advice from the UK government, Public Health England and the World Health Organisation, regarding precautions on COVID-19 and adjust these standards accordingly.

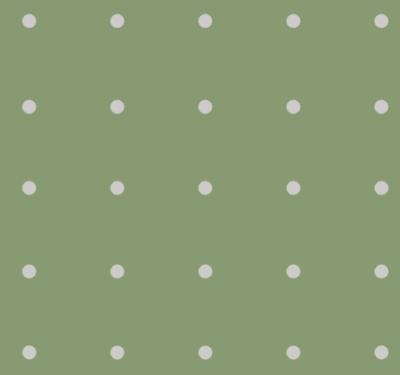

Be assured, as a minimum, this new six-point charter will be in all The Venues Collection prior to reopening.

I wanted to personally thank you for supporting The Venues Collection and we hope to welcome you back in the very near future.

1. CLEANING & HYGIENE

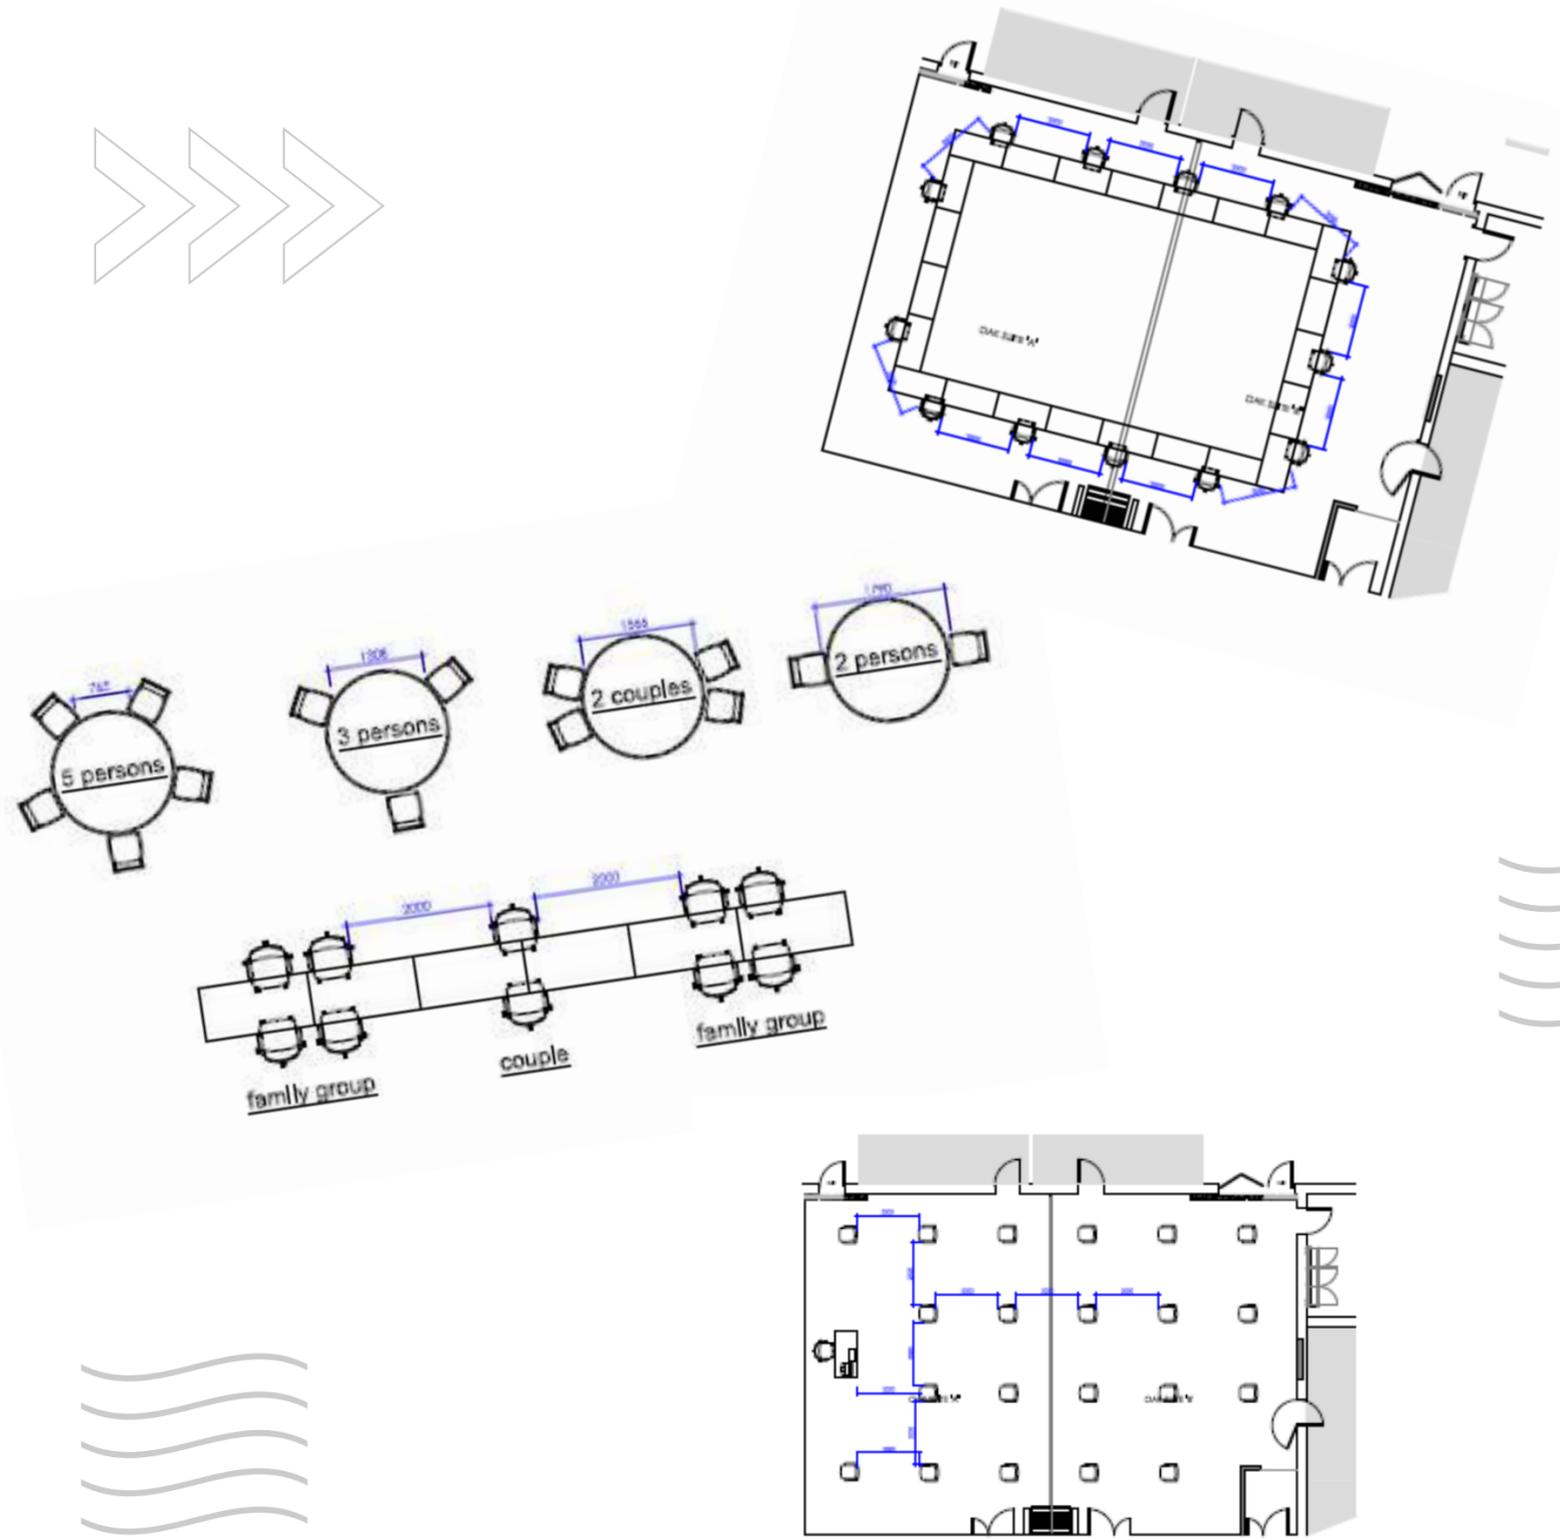

- All guests and team members will have their temperature checked on arrival to the venue.
- We operate an 'open window' policy to ensure your room is well ventilated, so the window may be open on your arrival.
- We use recognised cleaning products and antibacterial cleaners, used by the NHS as part of our new cleaning protocols.
- We have increased the frequency of cleaning, paying close attention to high contact areas such as door handles, handrails and card readers.
- Hygiene stations with hand sanitisers have been placed around our venues for customers and colleagues to use.
- We actively remind all colleagues and guests to continually practice safe hygiene measures.
- For extra safety; any colleagues working in close proximity to one another and our guests must wear personal protective equipment.
- Once a room has been sanitised, a seal will be placed on the door, so you know no one else has entered the room.

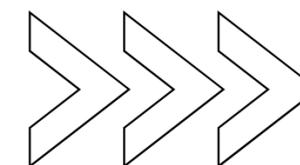

2. SOCIAL DISTANCING

- All guests are asked to follow Government guidance if visiting us, including the wearing of face coverings & checking in on the NHS track & trace app.
- We have created one-way flow systems & where possible, we've created separate entrances and exits to our venues.
- We have installed 2m signage across the venue to help you keep a safe distance from others.
- We will work with you to prevent congestion such as staggered arrival / departure times and catering breaks to make sure they don't get too busy.
- All of our venues have revised their event layout styles to accommodate social distancing.
- Recommendations to travel alone will be easy with us; out of town locations, with lots of outdoor space and large car parks are what we are all about.

Did you know?

Our team was the first hotel in the UK, to work with Public Health England and the World Health Organisation to repatriate British citizens and their families, after being flown from Wuhan City in China, the epicentre of the current outbreak of Coronavirus.

We were delighted all guests tested negative for the Coronavirus, however, our experience has led the way for working in these unprecedented times and all the considerations that go with it.
